

## 2021 Jumpers & Jazz in July Festival

### Sunday 18 July 2021

Organisers of Jumpers & Jazz in July festival invite you to lose the metro hustle and bustle and take a scenic drive in the country... perhaps a club run? And then lose yourself in some cool jazz amid the hospitality of a welcoming community who are dressing their CBD trees in warm, woolly jumpers for your winter entertainment and enjoyment.

In this year of POST COVID activity, we have made a few changes to the way we plan and deliver the car event. **Jumpers and Jazz Inc** are partnering with **Warwick Cruze Inn Club** to deliver a fabulous static display of veteran, vintage, classic and muscle cars including classic motorcycles to offer something different on the first weekend of the festival's 10-day program, also building on Warwick's reputation as the "Horsepower Capital of Australia".

**The Grand Automobile Display** will be conducted on **Sunday July 18<sup>th</sup> 2021** The display will kick start for the public from **9:00am** as a static display in Palmerin St and Leslie Park till **2:00pm**. *(Please note earlier start/finish time)* 3 live music stages on the day - Post Office, Town Hall and Leslie Park – all with carefully chosen musicians to suit the car enthusiast crowd. Come to our region and enjoy brunch at one of Warwick's many cafés, spend your day browsing the art and craft while enjoying some cool jazz in the street. Please visit [www.jumpersandjazz.com.au](http://www.jumpersandjazz.com.au) for a full program, available in May.

We took on board your feedback in regards to your concerns about people moving too close to your vehicles and potentially scratching or damaging them. For this reason, as well as enabling safe social distancing we have made some changes to the layout of the display to ensure appropriate spacing occurs.

We would be delighted if members of your car club would consider participating in this quirky Queensland winter festival as we'd love to match your enthusiasm for automobiles with our growing regional event. Last year an estimated 15,000 visitors attended this event and it continues to grow each year. The Festival Organisers will provide more details regarding marshalling of vehicles, layout of the display and final event information closer to the event. We look forward to hearing from you soon.
